

Compact 1000

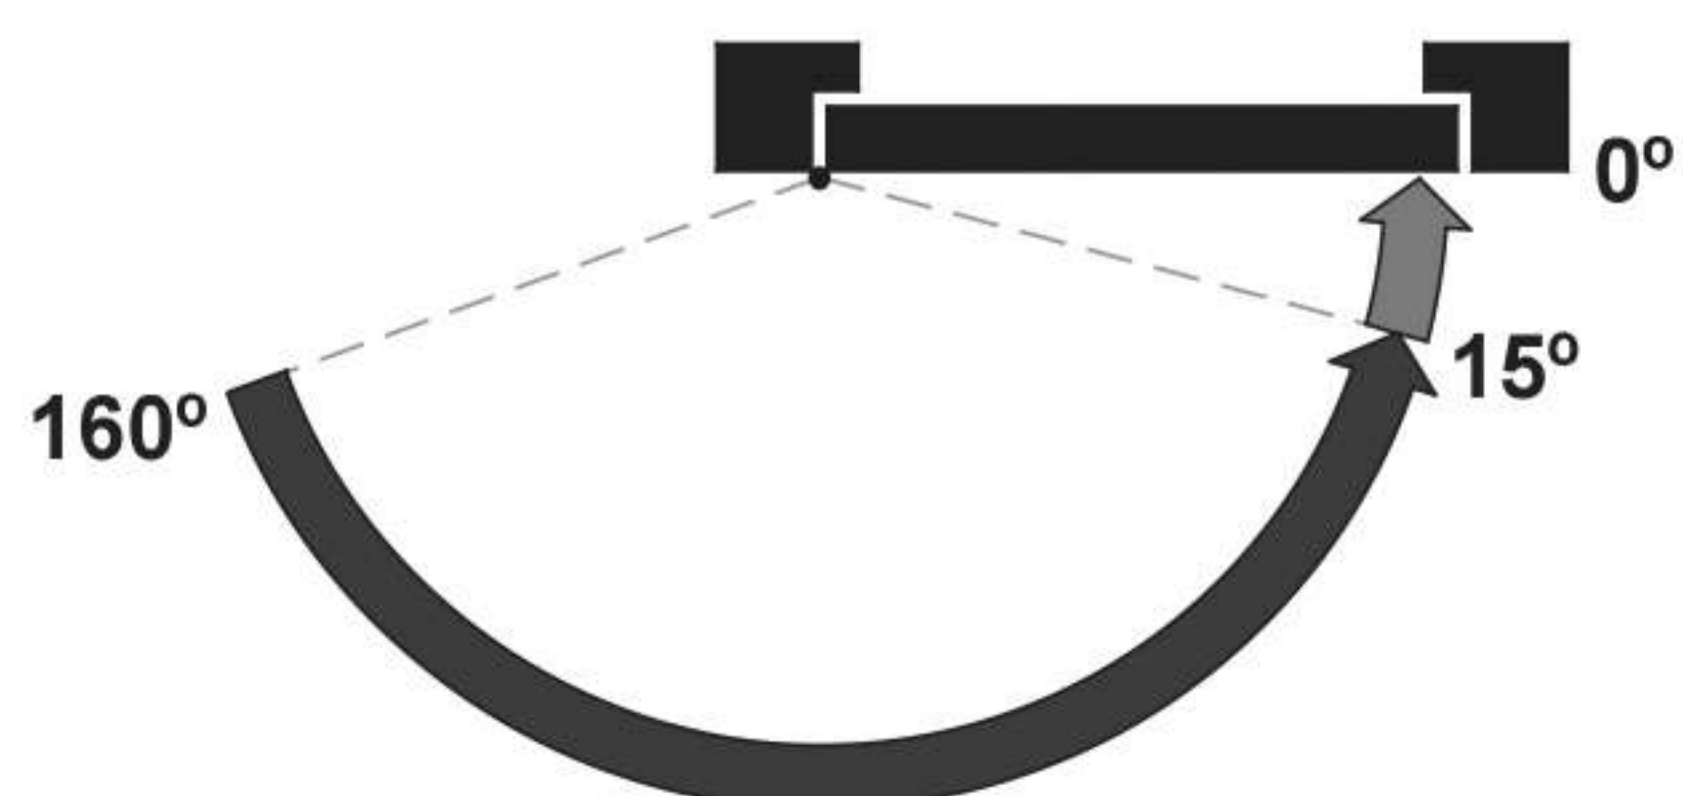

Product Characteristics

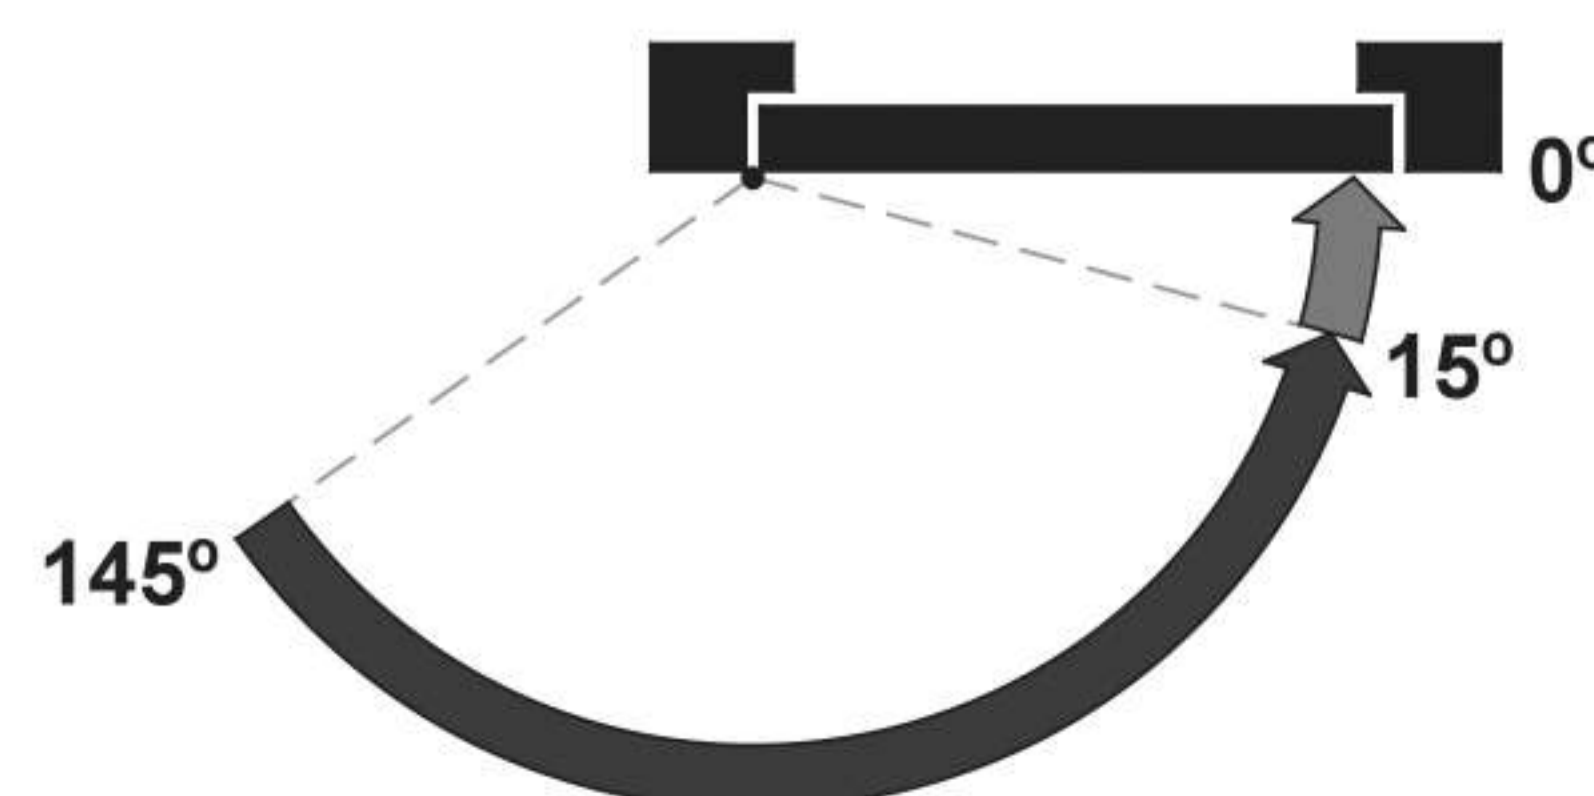

Product Characteristics			
Technical Characteristics	Door Closer System	rack and pinion cam action	●
	Closing Force	size	2-3-4
	Closing Force Adjustment	by installation position by screw	● -
	Non-Handed		●
	Arm Assembly Type	standard slide track arm	● -
	Closing Cycle Controls	closing speed latch speed	● ●
	Other Controls	back-check delayed action	- -
	Max. Opening Angle		160° / 145°
	Hold Open (Not for fire and smoke doors)		○
	Finishing	white	●
		brown	●
		black	●
	Dimensions (mm)	length	180
overall depth		65	
height		44	
Accessories Logistic	Door Dimensions	width up to (mm) weight up to (Kg)	≤ 1100 ≤ 80
	Door closer compliant with en 1154		●
	CE Mark for building products		-
	Accessories	standard arm	●
		hold open arm	●
		parallel arm bracket	●
fixing plate		-	
Packaging	individual carton box	●	
Minimum Quantity		10
